28-31 May, 2025

Mytilene, Lesvos island, Greece

The Call for Papers for the 17th International Congress of the Geological Society of Greece is now open!

Dear colleagues

We warmly invite scholars from across Greece, Europe and beyond to submit their paper to one of the available sessions and participate to the **17th International Congress of the Geological Society of Greece**. The congress will take place from 28 to 31 May at the University of the Aegean in Mytilene, Lesvos island, Greece 2025, for the first time in one of the Aegean islands.

The primary goal of the Congress is the presentation of the most recent advances in Geological - and Environmental Sciences, mainly in the Aegean Region and its surroundings, aiming at highlighting their impacts on natural resources, natural hazards, and environmental problems.

A major aim of the Congress is also to emphasize data acquisition, multi-disciplinary interpretation and modelling, theoretical developments, and applications to the Earth's systems at various spatial scales employing new open-access data.

The **17th International Congress of the Geological Society of Greece** provides a unique platform for discussing the latest developments in Earth Sciences, enhancing your knowledge, and fostering valuable networking opportunities. The Congress seeks to facilitate interactions with leading researchers and influential figures in the fields of Earth Sciences.

All colleagues are encouraged to circulate the Call for Papers within their networks to ensure broad participation and diverse contributions.

How to Submit Your Paper:

1. Visit the conference website (<https://ege2025lesvos.gr/paper-submission/>) and make registration to the Submission Platform (Easy Chair)
2. Explore the list of Sessions and Workshops. Choose the Session / Workshop that best matches your research and download the Abstract Template.
3. Prepare your abstract following the instructions.
4. Submit your abstract in the selected session. The submission portal will be open until 31 December 2024. All abstracts will be reviewed by the Scientific Committee.

Authors will receive feedback and decisions by mid-February 2025.

We look forward to your contributions to what promises to be an engaging and inspiring Congress!
